

Sub:- Admission in Jammu based Colleges.

\*\*\*

C I R C U L A R

It has been reported by the Principals of City Colleges that the students of rural areas are pressing for admission in their Colleges though the seats are available in the Colleges of their catchment area, with the result the city Colleges are over loaded.

It is impressed upon all the College Principals of Jammu Division that while granting admission in the College the practice of catchment areas shall be taken into consideration. The students from rural areas where the College facilities are available, shall not be granted the admission without the NOC of the College Principal of their catchment area.
