

**Government of Jammu and Kashmir
Civil Sectt; Higher Education Department.**

Subject:- **Ban on Private Tuition of the College Teachers.**

C I R C U L A R

It is reported that some College teachers are doing private tuition before and after College hours. Some of the College teachers have also requested for grant of permission in this regard. The issue has been examined and it is felt that granting permission for private tuition before College hours will tell upon the efficiency of the Lecturer as enough of his energy both physical and mental shall get exhausted prior to his primary job of teaching in College. Normally it is expected of a College teacher to attend the College well prepared for the day's assignments. Moreover, an employee cannot take any other business under employees conduct rules.

In view of the above facts it is notified for information of all the College teaches that, henceforth, no College teacher shall do any private tuition either before or after College hours. Any violation of the instructions shall be viewed seriously and appropriate action under Employees Services Conduct Rules shall be initiated against the erring college teacher.

(M. Ashraf Chishti)

Deputy Secretary to Government
Higher Education Department
